Hearing Aid Discount Program

How Our Program Works

As a member of the Religions Medical Trust (RMT) administered by Christian Brothers Services, you have access to free consultations and discounts on all levels of hearing technology through Start Hearing. Plus, you may be eligible for a \$1,500 per device benefit. The Hearing Aid Discount Program offers you significant discounts on today's latest technology, including rechargeable hearing aids and tinnitus options.

Discounts are only available at certified Start Hearing Network locations.

To receive this discount, you must arrange the initial visit through Start Hearing. Self referral is necessary.

Members Can

Arrange for a FREE hearing consultation with a local Start Hearing Network Provider.

During the appointment, a hearing professional will evaluate your frequency-specific hearing sensitivity and determine if hearing correction is needed.

If a hearing loss is present that can benefit from hearing aids, the hearing professional will prescribe the correct hearing aids for your hearing loss. If a medical problem is found, the appropriate medical referral will be made.

If you decide to purchase hearing aids, the discount will be applied at the time of purchase. No prior authorization is required. You pay ONLY the discounted price.

Your Benefits

As a member enrolled in the Religious Medical Trust administered by Christian Brothers Services, you are entitled to the following:

- FREE annual hearing consultations.
- Three-year supply of FREE batteries (40 cells per hearing aid purchased per year).
- One year of free office visits (limit of six).
- Up to 60% off suggested retail prices.
- **FREE Deluxe Warranty Plan**, including loss and damage.*

*Eligible participants may be responsible for any testing performed during the hearing screenings.

NOTE: With the Hearing Aid Discount Program, participants can receive significant discounts on hearing aids and free consultations. Discounts are only available at certified Start Hearing Network locations. Please note: Any testing recommended during the free consultation is not covered.
