# Maintaining *your health*

## Prescription Drug Program

### *Express Scripts*

Trusts administered by Christian Brothers Services have chosen Express Scripts to manage the prescription drug benefit for our members. Express Scripts has captured the No. 1 position in the Health Care: Pharmacy and Other Services sector on the Fortune World's Most Admired Companies List, and it's No. 2 in the world for Social Responsibility and Long-Term Investment. Of all companies surveyed globally, Express Scripts was ranked No. 5 in Innovation and No. 10 in People Management. With Express Scripts's sophisticated dispensing technology and mail-order pharmacies, our Trust members are provided high-quality prescription drugs at discounted prices.

### *Express Scripts by Mail*

In the mail-order pharmacies, quality process activities as well as customer satisfaction are driven by performance measurement in four key areas: Compliance, Quality, Service, and Cost. Each of Express Scripts pharmacies adheres specifically to the requirements of the state in which it is located. In addition, Express Scripts and each of its mail-order pharmacies are fully accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and are diligent in adhering to all applicable standards of that organization.

Each mail-order pharmacy has a Director of Pharmacy Practice who is a registered pharmacist. It is the Director of Pharmacy Practice who is responsible for all dispensing-related activities. Additional registered pharmacists supervise every activity in the dispensing process, including maintenance of dispensing records. All prescriptions are checked by registered pharmacists who are licensed in the state in which they practice.
