

ADDED BENEFIT PROGRAM

We are a Catholic organization serving other Catholic organizations with affordable health and benefits coverage tailored to the unique needs of each member organization. We understand the Church because we are part of the Church.

Innovative Methods to Managing Diabetes and Hypertension

On average, about 1 in 10 people have diabetes and nearly half of U.S. adults have hypertension, leading to serious health problems.

All members in the Christian Brothers Employee Benefit and Religious Medical Trusts, have free access to Teladoc Health, offering support in the areas of diabetes prevention, weight management, diabetes and hypertension.

Teladoc Health is a program created to empower all people with chronic conditions, including diabetes and high blood pressure, to live healthier lives and reduce risk for serious health issues. Using advanced technology, personalized recommendations, and real-time communication, the program provides the right information, tools and support—all at no additional cost. All members of the Trusts, diagnosed with prediabetes, diabetes or hypertension, receive free access to Livongo.

Preventing Diabetes Program

The Teladoc Health Living and Diabetes Prevention Program can help members at risk for type 2 diabetes. The program doesn't cost anything and helps members focus on living a healthier life.

Within the program, members will have access to a CDC-recognized program that focuses on lifestyle behavior changes to achieve health goals through:

- **Effortless data collection:** A cellular scale provides seamless weigh-ins and food and activity tracking to understand lifestyle habits.
- **Personalized health signals:** Lessons provide evidence-based strategies for healthy living and health challenges to drive small changes for big wins!
- **Human-centered approach:** Coach-led meet ups for support and accountability and 1:1 live coaching from Livongo expert coaches.

Depending on your health goals, you could also receive a blood pressure monitor and/or blood glucose monitor.

Innovative Methods to Managing Diabetes and Hypertension

Managing Diabetes

Teladoc Health for Diabetes offers an innovative remote monitoring solution aimed at helping patients with diabetes better manage their blood sugar levels, so they can prevent both short- and long-term complications and reduce their overall health care costs.

Member Benefits

Members who have diabetes will be contacted with information on how to enroll. Those who enroll in the program will receive:

- **Welcome Kit:** Teladoc Health In Touch® meter, which tracks strip usage and prompts members with targeted messaging, a lancing device, 150 test strips, 100 lancets and a carrying case.
- **Unlimited checking supplies** (test strips, lancets and meter). Have test strips and lancets shipped to you whenever you need them.
- **Real-time 24/7 interventions** by Certified Diabetes Educators for members with dangerous (high and/or low) blood sugar levels.
- **Online access:** Access your readings, along with graphs and insights, online or on your mobile device.

Teladoc Health provides personalized support through the meter and its mobile app, and provides coaches to help members make better decisions about diabetes management.

Managing Hypertension

Teladoc Health for Hypertension combines advanced technology with personalized coaching to help members identified with hypertension manage their blood pressure.

Member Benefits

Members who have hypertension will be contacted with information on how to enroll. Members who enroll in the Teladoc Health for Hypertension program will receive:

- An automatic monitor connected to a smartphone app that sends data to Livongo.
- Health Summary Reports.
- Convenient automatic reminders to check their blood pressure.
- Around-the-clock access to knowledgeable, caring health professionals whenever and wherever they need them.
- Scheduled care with coaches who provide answers to questions and support for a member's weight loss journey, and give advice on improving overall health through nutrition, stress management and medication.
- Personalized content and tips, as well as nudges, emails and texts. Members who submit a blood pressure reading over 180mmHg also receive feedback on their elevated reading. For members on high blood pressure medication, the program uses clinical algorithms to ensure they are receiving the maximum medication benefits.
